

THE ELECTRONIC LIBRARY OF TRAUMA LECTURES

3rd Edition!

The Society of Trauma Nurses (STN) is committed to advancing the trauma nursing profession through continuing education. The STN strives to enhance the delivery of care through collaboration and education across the globe to improve patient outcomes that save lives.

The STN brings value to nursing education by providing respected educational resources for teaching nurses. *The Electronic Library of Trauma Lectures®* (eLibrary) is a CD of trauma related presentations considered the pre-eminent industry resource on trauma nursing care. The eLibrary is designed to serve as a complete educational program for training nurses across the trauma continuum of care.

Each presentation contains the following:

- Learning objectives
- Detailed lecture format using MS PowerPoint including instructor notes
- Discussion questions
- Post-test with questions and answers for self assessment
