**Curriculum Vitae**

**Education**

University of South Florida Tampa, FL Doctor of Nursing Practice GPA-3.94	01/2021-08/2022
University of Colorado Health Sciences Center Denver, CO Master of Science in Nursing Pediatric Nurse Practitioner GPA-3.995	01/1998-05/2000
University of Iowa College of Nursing Iowa City, IA Bachelor of Science in Nursing GPA-3.4	09/1989-12/1993

**Licensure**

Prescriptive Authority (LA) #238220	12/2024- present
Advanced Practice Registered Nurse/Registered Nurse (LA) #238220; expiration 01/31/2027	11/2024- present
Registered Nurse (Multistate) #9430709; expiration 04/30/2025	04/2023- present
Advanced Practice Registered Nurse/Registered Nurse (FL) #9430709; expiration 04/30/2025	04/2016- present
Registered Nurse (NY) #773000; expiration 07/2025	06/2019- present
Advanced Practice Registered Nurse/Registered Nurse (MA) #272601	10/2006- present
Advanced Practice Registered Nurse (CO) #112249	08/2000-09/2007

Registered Nurse (CO) #112249	08/1996-09/2007
----------------------------------	-----------------

Registered Nurse (IA) #090733	03/1994-04/1999
----------------------------------	-----------------

### **Certifications**

Certified Professional in Healthcare Quality (CPHQ)	03/2025 - present
---	-------------------

Trauma Certified Registered Nurse (TCRN) #7010369	09/2019- present
--	------------------

Certified Acute Care Pediatric Nurse Practitioner #20000326	05/2005- present
--	------------------

Certified Primary Care Pediatric Nurse Practitioner 20050394	08/2000- present
---	------------------

Certified Child Passenger Safety Technician #T893710	09/01/2021- 09/2023
---	---------------------

Advanced Trauma Life Support (Audit)	09/2010
--------------------------------------	---------

Trauma Nursing Core Course Certification	08/2000
--	---------

Emergency Nurse Pediatric Certification (Instructor)	06/1999 03/2002-2006
---	-------------------------

Pediatric Advanced Life Support (PALS) Certification (PALS Instructor)	04/1995- 10/2023 06/2002-06/2008
---	-------------------------------------

Basic Life Support	01/1994-present
--------------------	-----------------

### **Professional Experience**

04/01/2025 – present	Boston Children’s Hospital	Boston, MA
----------------------	----------------------------	------------

#### **Senior Clinical Quality Improvement Specialist- Trauma Center**

- Acutely appraise the existing pediatric trauma literature to establish and implement the best evidence for practice and develop Clinical Practice Guidelines (CPG’s) accordingly.
- Evaluate current trauma care delivery approaches and identify practice gaps and areas for improvement (trauma units with high level of incident reports, suboptimal outcomes with current trauma audit filters, staff/patient/family dissatisfaction, poor Press Ganey scores).

- Provide expertise in design, development, analysis and dissemination of new knowledge and the use of evidence to guide and support clinical practice.
- Promote the dissemination of findings from nursing research, EBP and QI projects at local, national, and international forums and through professional publications.
- Encourage and assist trauma multidisciplinary partners to utilize the trauma registry as a rich resource for research. Support grant applications, publication development and IRB submissions for those partners.
- Collaborate with other pediatric trauma centers and educational institutions for multi-site research opportunities.
- Collects, analyzes and trends data, and reports on patient outcomes, QI indicators and variance data to improve trauma patient care process and outcomes.
- In collaboration with hospital-wide and unit leadership, legal, QI/QPS, and risk management teams, investigate breaches in expected trauma quality of care and cost-ineffective care.
- Utilize systematic methods to critically evaluate and measure effectiveness of new trauma care delivery approaches.
- Actively engage, inform, and educate nursing staff and inter-disciplinary partners about exposed practice gaps and plan for new practice initiatives.
- Engage nursing at every stage of the process to integrate, mentor and model professional nursing practice.
- Takes leadership role in the preparation for ACS/DOH verification/designation site visits.

12/2024- 07/01/2025

Children's Hospital of New Orleans

New Orleans, LA

**Pediatric Trauma Nurse Practitioner and Nurse Scientist**

- Acutely appraise the existing pediatric trauma literature to establish and implement the best evidence for practice and develop Clinical Practice Guidelines (CPG's) accordingly.
- Evaluate current trauma care delivery approaches and identify practice gaps and areas for improvement (trauma units with high level of incident reports, suboptimal outcomes with current trauma audit filters, staff/patient/family dissatisfaction, poor Press Ganey scores).
- Provide expertise in design, development, analysis and dissemination of new knowledge and the use of evidence to guide and support clinical practice.
- Promote the dissemination of findings from nursing research, EBP and QI projects at local, national, and international forums and through professional publications.

- Takes leadership role in the preparation for ACS/DOH verification/designation site visits.

10/01/23-11/01/2024      Boston Children's Hospital      Boston, MA  
**Pediatric Trauma Nurse Practitioner Consultant**

- Support the Trauma Center in preparation for ACS survey
- Special projects- PI/QI/Research

06/18 - present      Camp Chipinaw      Swan Lake, NY  
**Summer Camp Nurse**

- Oversee the health and wellness of 700 campers and 300 staff for 7 weeks
- Provide medical attention to campers and staff with minor acute illness and injuries
- Oversee a 48-bed infirmary
- Distribute and record camper medications
- Maintain Health Center record and medical forms
- Communicate with Camp Directors and Counselors about camper health concerns
- Act as a liaison with local doctors, hospitals, and pharmacies

8/2021-8/2022      University of South Florida      Tampa, FL  
**Doctor of Nursing Practice- 550 clinical hours at Holtz Children's Hospital- Miami, FL**

- Creation, implementation, evaluation, and sustainability of quality improvement project, "Standardizing Child Passenger Safety Screening in the Emergency Department"
- Outcome of project: A standardized approach to CPS screening in the Emergency Department increased referrals to a pediatric injury prevention coalition and improved education and access to child safety seats

10/19-1/20      US Department of State      Tampa, FL

Trauma Symposium in association with Boston Children's Hospital and Brigham and Women's Hospital. CAMLS - Center For Advanced Medical Learning And Simulation.

**Course Development and Invited Faculty-- Pediatric Musculoskeletal Sessions**

- Trauma Skills Station training
- Pediatric Trauma Simulation training
- Pediatric Trauma Simulation Debriefing training
- Crisis Resource Management Principles and Team Dynamics training

10/19-3/20

Nicklaus Children's Hospital

Miami, FL

**Staff Nurse in the Cardiac Care Center and Emergency Department while awaiting role as APRN**

- Plans, implements, and documents the plan of care in collaboration with the other disciplines and services to assure safe and efficient care.
- Follows physician's orders, administers, and reconstitutes medications when needed. Adheres to six rights of medication administration per medication administration policy.
- Collaborates and rounds with a multi-disciplinary team in daily care planning rounds, as appropriate, and fosters a Family Centered Care Environment.
- Provides superior patient care by meeting attendance & communication standards.
- Completes all nursing multi-system assessment that includes head to toe, vitals, dressing changes, suction, feeding, bathing, and repositioning.

03/10-07/15

Boston Children's Hospital

Boston, MA

**Trauma Nurse Practitioner- Department of Surgery**

- Manage a caseload of complex pediatric trauma patients in the ED, ICU, on the floor and in clinic
- Respond to trauma team activations in the Emergency Department and perform primary and secondary surveys
- Provide continuity of care for pediatric trauma patients throughout the continuum of care
- Serve as an advanced clinical and educational consultant to colleagues inside and outside of Boston Children's Hospital and the greater community
- Weekly participation in patient review
- Real-time assessment of quality improvement and patient safety outcomes; reporting to leadership and inclusion in trauma data registry
- Responsible for presenting clinical and operational successes and challenges of the Trauma Program to hospital leadership at quarterly executive meetings
- Develop clinical pathway guidelines for pediatric trauma patients and lead the implementation and monitoring of compliance
- Translate research and evidence-based practice to the bedside
- Involved in pediatric injury prevention and outreach education initiatives
- Helped prepare for and successfully pass two American College of Surgeon (ACS) Trauma Site Surveys
- Faculty for SIMPeds Trauma Simulation and Crisis Resource Management Training

- Effective relationship management skills and ability to build successful collaborations across programs and multidisciplinary teams

02/03-06/06

The Children's Hospital

Denver, CO

**Nurse Practitioner for Trauma Services- Department of Surgery**

- Manage a caseload of complex pediatric trauma patients in the ED, ICU, on the floor and in clinic
- Provide continuity of care for pediatric trauma patients throughout the continuum of care
- Respond to trauma team activations in the Emergency Department and perform primary and secondary surveys
- Serve as an advanced clinical and educational consultant to colleagues inside and outside of Denver Children's Hospital and the greater community
- Works closely with ED, PICU, and floor staff to identify opportunities for improvement with trauma patient care and incorporate these ideas into QI projects utilizing the PDSA cycle
- Actively involved in weekly trauma PI/QA/QI
- Member of the Child Protection Team Advisory Council
- Incorporate current evidence-based practice and research findings into clinical practice
- Helped prepare for and successfully pass two American College of Surgeon (ACS) Trauma Site Surveys

01/01-02/03

The Children's Hospital of Denver

Denver, CO

**Clinical Nurse Specialist- Emergency Department**

- Act as a resource and clinical expert to staff members for complicated, acutely ill, and traumatically injured children
- Incorporate current evidence-based practice and research findings into clinical practice
- Responsible for educating and ensuring clinical expertise in clinical staff's practice
- Participate in house-wide and community-wide committees as a representative voice from the ED (trauma, research, APN board, Rocky Mountain Injury Prevention, Child Protection Team)
- Provide outreach education to referring PCP's and Emergency Departments regarding pediatric emergency care
- Create a process with senior RN staff and clinical coordinators to perform chart review, do literature reviews on current best practice guidelines, and implement changes to practice utilizing the PDSA cycle to ensure quality patient outcomes
- Involved in teaching ENPC, PALS, house-wide and ED skills day
- Incorporate current evidence-based practice and research findings into clinical practice
- Foster staff's education and aid them in reaching their professional goals
- Serve as a change agent within the ED

09/98-05/00                                      University of Colorado Health Sciences Center                                      Denver, CO.  
**Pediatric Nurse Practitioner Student- 680 clinical hours**

- Provide expert health care to children from birth through young adulthood, meeting their specialized physiologic, anatomic, and psychological needs
- Develop in-depth knowledge and experience in pediatric primary health care
- Master well child care and the prevention and management of common pediatric acute illnesses and chronic conditions
- Assess, diagnose and treat, referring when necessary

08/99-01/01                                      The Children's Hospital of Denver                                      Denver, CO.  
**Registered Nurse- Emergency Department Clinical Coordinator and Staff Nurse, Clinical Nurse IV**

- Responsible as charge nurse for a 24-bed emergency department and Level 1 Pediatric Trauma Center
- Serve as supervisor and mentor for over 60 staff members
- Provide nursing care to a wide variety of pediatric patients
- Responsible for referral intakes from EMS, outlying PCP's and hospitals in the region
- Serve on the education committee and trauma QI committee for the department

03/96-08/99                                      The Children's Hospital of Denver                                      Denver, CO.  
**Registered Nurse- Cardiac Transplant Coordinator, Clinical Nurse IV**

- Responsible for comprehensive management of 120 cardiac transplant patients, including detailed H&P, laboratory interpretation, review of medications, adjustment of immunosuppression and cardiac medications
- Conduct daily rounds on patients in the ICU and on the floor
- Manage patients in clinic
- Collaborate with a multidisciplinary team to provide expert case management and concierge level care
- Provide local, regional, and national professional education about cardiac transplantation
- Develop and review programmatic goals and protocols
- Facilitate interdisciplinary transplant rounds, monthly M & M conference and QA meetings

01/95-03/96                                      University of Iowa Hospital and Clinics                                      Iowa City, Ia.  
**Registered Nurse/Charge Nurse- Pediatric Intensive Care Unit and Transport**

- Responsible for the care of critically ill patients during transport from other facilities and in the Pediatric Intensive Care Unit, a Level I trauma center
- Administrative responsibilities including nurse/patient assignments and responding to all pediatric code situations in the hospital

01/94-01/95                      University of Iowa Hospital and Clinics                      Iowa City, Ia.  
**Registered Nurse- Pediatric Cardiopulmonary Step-Down Unit**

- Care for children with varied cardiopulmonary conditions
- Charge nurse responsibilities including nurse/patient assignments, and serving as a resource to other nursing colleagues
- Committee Chairman for OSHA standards review
- Served as a preceptor for new staff
